

**ROUND 3 INTERVIEW**  
**April 6, 2019**

**JORDAN SPIETH (-7)**

---

**Q. Jordan, what a round. If we can just get your comments on the day.**

**JORDAN SPIETH:** Yeah, just a really rough start. I mean, just a tough nine holes. Other than that, on the back nine today was by far the best that I've played, the most control I've had of the ball and the best I've felt putting the ball in a couple years.

So today was progress. I actually look at today as progress. I needed the start today to recognize that there were things that still needed adjustment and I made those adjustments mid round and was able to shoot 5 under from what was a 6 over front nine. That shows me that with a few reps, I'm really close to being right where I want to be.
